No.ISC. 69/PI(2)/II/Madras/4306, Dated July 1st, 1948.

To

The Director of Controlled Commodities,
Government of Madras, Madras

Sub: Steel pipes, tubes and fittings
Ref:- My-letter No.ISC.69/PI(2)/II/Madras/2263,
dated April 1st, 1948

Dear Sir,

I have to advise you that your Province has been allotted a quota of 1,39,350 feet of screwed and socketed tubes and 13935 fittings of Period III (July to September 1948 inclusive) and you may issue permits to users up to this footage of these tubes and numbers of fittings for supply from the pipe and tube stockist given below during period III/1948.

A Specimen copy of the new form of permit is attached and as before, you are required to send two copies of the permits issued by you to this Directorate for record.

Pipe and tube stockists are only authorised to supply the quantities of tubes and fittings given above against the permits issued by you which they receive during Period III/1948. Any quantities for which you have not issued permits against your Period II/1948 quota will therefore be automatically cancelled at the end of June 1948.

If, instead of issuing permits to users, you prefer to arrange for the tubes and fittings to be stocked in your Province (in centres other than Madras), there would be no objection to your issuing a permit or permits in favour of stockists of your choice. Such permits should be prominently endorsed with the word "DEALER". Stockists appointed by you are entitled to charge not more than the controlled prices plus 10% as remuneration plus the actual freight paid by them inclusive of the freight charged by the under-noted pipe and tube stockist

If you decide to issue permits to stockists, you should let me know where you wish stocks to be held before making any appointment so that I can advise you of the firms who are registered as stockists in the ~~pri~~ places concerned. This is necessary since the policy is to give preference to those firms who are registered with Control as pipe tube and fittings dealers.

Demands for other categories of pipes and tubes should be certified by the appropriate advising authority and sent to this office for compliance as heretofore. Such tubes are not included in the quota given above

Pipe and tube stockist:

The Madras Circle Pipe Dealers Association Ltd., 80, Sembudoss Street, G. T. Madras.

Yours faithfully,

Sd/ * *
DIRECTOR (PIPES TUBES AND FITTINGS)
for Iron and Steel Controller

The Director of Controlled Commodities
Government of Madras
M a d r a s

Dear Sir.

Supplementary allotment of pipes and tubes for period III/1948.

Further to my letter No. ISC-69/P-I(2)/II/Madras/4306 of the 1st instant, I have pleasure in advising you that I am in a position to allot you a supplementary quota of ~~48,000~~ 48,490 feet of screwed and socketed tubes for period III/1948 on the same terms and conditions as stated in my letter under reference.

In view of the acute shortage of fittings in the country at present, I am afraid, I am not in a position to allot corresponding fittings in this instance.

Kindly note that this supplementary quota is not repeatable.

Yours faithfully

Sd/-B.N. Mukerji
Assistant Director (Pipes, Tubes and Fittings),
for Iron and Steel Controller.

Copy to:
(1) Secretary, Government of Madras, Development Department, Fort St. George, Madras
(2) The Madras Circle Pipe Dealers' Association Ltd., 80, Sembudoss street, George Town, Madras.
